Milestones

Sofel site

Why choose Sofel?

Sofel can vouch for both formulating, mixing and filling of all kinds of chemical preparations.

Thanks to our knowledge, experience and extensive machinery, we are perfectly able to serve our private label customers in a fast, efficient and secure manner.

We're specialized in:

- highly alkaline and acidic products
- emulsions such as polishing
- waxes with different abrasives

In short, we like to be challenged!

Sectors

Sofel can help you in the following sectors:

**Surface
treatment of
metals**

**Industry &
construction**

**Industrial
kitchens &
catering
industry**

**Automotive &
additives**

Formulate

In our laboratory, our specialists continuously guarantee:

- Managing **650 own recipes** available to customers
- Research for the most **ecological, innovative and effective** ingredients
- Creating and optimizing of **Custom-made** recipes
- Analysis
- Quality control and monitoring
- Creation of **Safety and Technical Data** sheets
- **Advising on and monitoring** of your projects

Mixing

INDUSTRIAL CHEMICALS

Our experienced blending staff has the availability of mixing tanks from **300L to 6000L**. These are equipped with specialized stirring and mixing equipment with which we can **homogenize, disperse and emulsify**.

This can be performed at **ambient temperature**, and for **hot blends** at temperatures up to **140 ° C**.

Mixing speeds, temperatures and time settings are all **PLC controlled**. All ingredients, liquids and solids are added by weight, which guarantees perfect blends.

Filling lines

INDUSTRIAL CHEMICALS

Sofel has **5 fully automatic** and **2 semi-automatic** filling lines, each for a specific application. We can fill from 15ml to 1000L IBC and bulk.

Filling lines

Fully automatic (1)

- **Filling line 1 – fully automatic:**
 - ◆ In line 6-cup filler
 - ◆ 100 ml to 2 L with cap or spray
 - ◆ Output up to 14,000 pieces / shift
 - ◆ Duplex or wrap around labeling

- **Filling line 2 – fully automatic:**
 - ◆ Rotary 16-head filler for triggers
 - ◆ 250 ml to 1L
 - ◆ Output up to 14,000 pieces / shift
 - ◆ Duplex or wrap around labeling

Filling lines

Fully automatic (2)

- **Filling line 3 – fully automatic:**
 - ◆ 2-head filler for various types of bottles and cans
 - ◆ 50 ml to 5L
 - ◆ Output up to 5000 pcs / shift
 - ◆ Duplex or wrap around labeling

- **Filling line 4 – fully automatic:**
 - ◆ 1-head piston filling for cold & hot blends
 - ◆ 100g to 1kg
 - ◆ Equipped with walk-in cooling unit
 - ◆ Output up to 5000 pcs / shift
 - ◆ Wrap around + top labeling

Filling lines

Fully automatic (3)

- Filling line 5 – fully automatic:
 - ◆ 12-head piston filler
 - ◆ 2L – 5L - 10L
 - ◆ Output depending on product and packaging
 - ◆ Duplex labelling

Filling lines

Semi- automatic

■ Filling line 6 – semi- automatic:

- ◆ 1-head piston filler
- ◆ 20L - 25L - 200L
- ◆ Output depending on product and packaging
- ◆ Duplex labeling

■ Filling line 7 – semi- automatic:

- ◆ 1-head filling for highly viscous, abrasive pastes
- ◆ 250g to 1kg
- ◆ Output depending on product and packaging

Private label

Do you choose from our recipes, do you have your own recipe or do you want a new recipe?

Do you choose from our standard packaging?
Do you have your own packages or do you want to search for new packaging?

Sofel is the ideal partner to help and guide you through the entire process. Our successful collaborations with many private label customers are proof of our commitment and service.

Discretion is our highest priority.

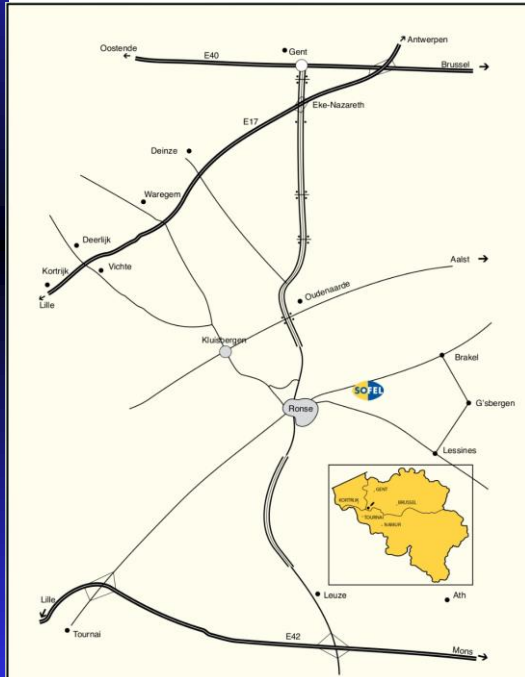

Home brands

In addition to private label products, we have some home brands:

We hope to welcome you as a customer very soon!
